

Business Systems Analyst

Greenville, SC

Lima One Capital, LLC is searching for a Business Systems Analyst with 3-5 years' experience in the mortgage or financial services industry. The Business Systems Analyst will be responsible for configuring and administrating core production platforms, identifying and documenting business requirements, and developing operational reports. Our ideal candidate has a thorough understanding of business applications as well as underlying business processes in the financial services industry. The Business Systems Analyst also has the ability to work on several projects simultaneously with competing priority. This position will directly support our Servicing and Post-Closing business units, while assisting with our Loan Origination System.

A generalized list of job responsibilities is below:

- Responsible for configuring and administrating core production platforms to include Loan Origination, Servicing, and CRM
- Determine and document business requirements, translating them to functional specifications
- Test and troubleshoot, software developed by 3rd parties
- Work with multiple business partners across the company to align technology solutions with business strategies.
- Involved in the entire system lifecycle from design to deployment and administration

Desired skills include:

- Relational database knowledge as well as querying experience: SQL, T-SQL
- Intermediate understanding of the MS SQL Server environment preferred
- Intermediate knowledge of reporting platforms to include Crystal and SSRS
- Practical working knowledge of Visio and MS Office
- Experience in user testing and project management
- BI tool experience preferred: Power BI or Tableau
- Experience interviewing end-users for insight on functionality, interface, problems, and/or usability issues
- Able to communicate effectively with non-technical staff

Benefits

- Medical Insurance
- Life, Short-Term Disability, Long-Term Disability
- 401k plan
- Paid vacation
